MEMORANDUM FOR: Chairman, WSSIC
Acting Chairman, JAEIC

SUBJECT: Weapons Sizes and Yields

1. I know how difficult it is to pin down sizes of foreign weapons and warheads and I am aware that there are lots of uncertainties in trying to estimate the yields of those weapons.

2. Each of you in considerable measure is dependent on the other to make the necessary judgments in this area and it seems to me it would be worthwhile for you and/or your committees to meet together periodically in an effort to sharpen the work of both committees in their attention to this problem.

3. I leave it to you both to devise whatever arrangements you think best.

E. H. Knoche
